## Counting On Cube Trains

Check Understanding
Find 7 + 3. Tell what strategy you used.

What You Need

- 10 connecting cubes
- Number Cards 2–3
- Recording Sheet

What You Do

1. Take turns. Pick a number sentence on the **Recording Sheet.**

2. Make a train with that number of cubes.

3. Pick a card. Count on that number.

4. Complete the number sentence.

Example

Pick $8 + \_\_ = \_\_$.

Make a cube train.

Pick 2 . Count on.

8   9, 10

Write $8 + 2 = 10$.

Go Further!

Take turns telling a number problem for each number sentence.

Counting On Cube Trains

Partner A	Partner B
5 + ____ = ____	6 + ____ = ____
7 + ____ = ____	5 + ____ = ____
4 + ____ = ____	6 + ____ = ____
6 + ____ = ____	7 + ____ = ____
5 + ____ = ____	4 + ____ = ____
4 + ____ = ____	7 + ____ = ____

> I know the number of cubes in the train so I don't have to count each cube.
