Room G-218

What is Freshman Seminar?

Freshman Seminar is designed to prepare you for success as you transition to High School.

You will learn:

- Foundations of Success
- How to improve communication skills
- How to boost academic skills and motivation
- How to collaborate on group projects

What do I need?

You will need a fully charged and working Chromebook for this class, as well as an open mind, respect for others and their opinions, and a growth mindset wouldn't hurt either!

What sites will we use?

We will predominantly use Schoology and Google Classroom for our day-to-day learning, as well as to submit any work that is assigned and completed.
