

Grammar Practice for AP Spanish-

As for grammar, I know that you are at different ability and knowledge levels. . This is to be expected. I have included a packet called Essential Spanish Grammar in my email to you. The areas that you need to focus on this summer are:

Present tense- regular, irregular, stem-changing	Commands
Preterite – regular and irregular	Future
Imperfect – regular and irregular	Para vs. Por
Ser vs. Estar	DOP and IOP

Keep a log of your practices and how well you do. Reflect on your strengths and weaknesses so I know where our strengths and weaknesses are as a group. Visit this website to practice and review any and all grammar points. I will also email you a Spanish grammar survival guide with everything in it!
